Welcome aboard!

Welcome aboard St. Damian, where your love story meets the clear blue Adriatic sea!

We're honored that you're considering our catamaran boat as the setting for one of the most important days of your life. A wedding is more than a ceremony. It's a celebration, a journey, and a moment in time that deserves to be special.

Your wedding deserves more than just a venue. It deserves an unforgettable location and unique experience. That's exactly what we create at sea.

We look forward to welcoming you onboard!

Kindly,
St. Damian Captain

YOUR ADRIATIC BOAT WEDDING EXPERIENCE

If you want a truly unique wedding venue, then the Split archipelago is the best place to be. Your special day will be held across the crystal clear Adriatic sea in the Dalmatian region where blue becomes the backdrop to your ceremony, reception, and celebration.

What makes our experience unlike any other is the venue itself, a spacious, elegant catamaran designed to feel both luxurious and comfortable.

Unlike traditional monohull boats, our catamaran offers exceptional stability and wide decks, allowing your guests to move freely, relax, mingle, and enjoy breathtaking views throughout the event. The front area can be transformed into a dance floor, a lounge area, and a photo spot – all while sailing.

Whether you envision an intimate gathering or a lively celebration, we tailor the day to match your style, energy, and vision!

KEY FEATURES & BENEFITS

1. Two Hulls for maximum stability which is perfect for first-time boaters, families, elderly passengers!

ABOUT US

Family Boksic
Špigula d.o.o.

We are family Boksic, a small, family-owned company called Špigula doo born out of a deep love for the sea, boat building, passed down one generation after another, from father to son and/or daughter.

For generations, vast majority of our family members are all lifelong sea lovers. As sea enthusiast, our family has worked as small shipbuilders, ship mechanics, and everything related to the sea.

In 2014, the next generation, my sister, brother and I have saved enough money to make a boat. As the next generation, we wanted to be different. To showcase our skills with a modern catamaran boat.

For those who are not in boats as much as our family, catamaran boats have two hulls which give them a wider base and greater stability compared to traditional boats. Catamarans also sit higher on the water, so they can sail closer to beaches, coves, shallow lagoons, and anchor in spots where other boats can't go.

Family matters to us. That's why we decided to open our boat not only for tours, but to bring new families together, celebrate love, create memories, and share our lifelong passion for the sea!
